CAMIE 303 PRODUCT DATA SHEET

Camie 303 High Performance Foam & Fabric Spray Adhesive is formulated for use in the foam and fabric trade. It offers quick tack, strong bond strength with a soft glue line. Camie 303 bonds urethane foam, latex foam, polyethylene foam, polyethylene film, fabrics and paper to themselves or to metal and wood, etc. Camie 303 has a lace spray pattern that will reduce overspray and low soak-in, thus offering a precisely controlled spray pattern.

Applications	Camie 303 Foam and Fabric Spray Adhesive bonds foam to foam and to fabrics. The orange tint and low soak-in, aides the user in the application process.
